## BOAT CAMPING

The intent of our power boat rental is to offer an ideal craft for taking a stress-free exploration, camping and fishing tour of the Yukon's magnificent large lakes. We offer three basic packages for this boat to provide you with a relaxing vacation.

- **Package PB210** consists of the boat and all basic equipment necessary for its operation, with you providing camping and accessory gear. Please see our Equipment Checklist sheets for included equipment.
- **Package PB210A** consists of PB210, plus camping and kitchen equipment for 4 people. Please see our Equipment Checklist sheets for included equipment. We will modify this package to suit your needs, so please call for details and consider the pricing under PB210A an estimate.
- **Package PB210B** includes all of PB210A and, in addition, we will work with you to establish a menu plan, shop and pack for you, and have everything ready. Bring your personal items, step off the plane, and we'll do the rest! Pricing will vary with your requirements.

All prices are in **Canadian** dollars.

5% GST will be **ADDED** to Prices

**PRICES ARE PER DAY**

- **The skiff is rented for lake use only.** A requirement of rental is transportation provided by YWEL to and from your choice of lake, at additional cost. Please see the Transportation Prices list for travel costs.
- Our boat is a Carolina Skiff. These skiffs have exceptional interior volume and feature 6" of positive foam flotation built into the hull, making them very safe. They are flat-bottomed and have a square bow, so do not turn as quickly as a V hull, but have great stability.
- **A current boat operator's licence is a condition of rental or completion of the Safety Checklist.**

*These packages offer a great opportunity to take a vacation at your own pace.  
Actively explore or casually cruise — it's up to you!*
